

UNIVERSITY of PENNSYLVANIA

PHILADELPHIA 19104

*Office of the Vice Provost
For Research*

106 COLLEGE HALL CO

Dear Colleague:

The Faculty Research Interest Inventory that has been compiled by the Office of Research Administration for the past eight years works for you and the University.

It provides readily accessible data on your research, study and fields of expertise to assist in the obtainment of grants and appropriations for academic projects at the University.

To be effective, the ORA's information must be brought up to date and we seek to accomplish this with this Almanac insert questionnaire that I urge you to fill out.

In addition to strengthening ORA's data, this questionnaire offers you the opportunity to assist two other departments, the News Bureau and Development Department, in representing you and the University of Pennsylvania.

The Development Department will be able to utilize the information to help in its continuing efforts to attract financial support of the University from the private sector.

The News Bureau, a division of the Department of Communications Services, has included appropriate *and optional* questions in this survey so that it may represent you, if you so desire, to the media as one who would be willing to provide expert information and opinion on newsworthy topics.

I urge you to fill out this questionnaire and return it as soon as possible to Mary Perot Nichols, director of communications, room 521, Franklin Building, 16, who is coordinating this project.

Thank you in advance for your cooperation.

Alan Heeger
Acting Vice Provost for Research
