Larry Heinemann

Pete Gurney

Two Out of Three: Novelist Larry Heinemann, far left, and playwright A.R. "Pete" Gurney are two of this semester's three Steinberg Fellows in the PEN at Penn program. (No photo was available for the third Fellow, poet Galway Kinnell.) Each of the writers will visit for two days of seminars and talks with students, and will give one lecture open to the public. The first such lecture, January 25 at 3:30 p.m. in Room 17 Logan Hall, will be by Mr. Heinemann, the Vietnam vet whose prize-winning works include *Paco's Story* (National Book Award, Carl Sandburg Prize), and *Close Quarters* (Best Novel of 1977, Society of Midland Authors). He also teaches writing at Columbia College in Chicago. Pete Gurney will appear February 22 at 4 p.m., also in 17 Logan, in a reading with actress Holland Taylor, who is currently appearing in the New York production of Gurney's *The Cocktail Hour* at the Old Globe. Last year's *Sweet Sue* with Mary Tyler Moore and Lynn Redgrave, and *Show Me the Way to Go Home* are among the playwright's dozen or so productions since 1971. The MIT literature professor is also the author of three novels. March 30 is the scheduled date for the PEN at Penn lecture by Galway Kinnell, whose *Selected Poems* won the Pulitzer Prize and American Book Award in 1982. It is one of eleven volumes by the poet-translator who teaches and directs the writing program at NYU. Dates and times of lectures will be confirmed closer to delivery, in *Almanac* calendar/updates and other campus media.

OF RECORD

On Holidays, Spring 1989

I wish to remind faculty and students of the University's policy on religious holidays that are to guide academic practices during Easter and Passover.

This year, March 24 is Good Friday, and Wednesday evening, April 19 begins the first two days of Passover which include Thursday, April 20 and Friday, April 21. No examinations shall be given or assigned work made due on April 20 or 21. Some students also may wish to observe the last two days of Passover, Wednesday, April 26, and Thursday, April 27. Because University policy does not prohibit examinations on these days, students who are unable to take examinations then because of religious observances must make arrangements with their instructors within the next two weeks of this semester.

On Occupational Hazards of AIDS and Hepatitis-B

This week a brochure on *Occupational Exposure to the AIDS & Hepatitis-B Viruses at the University of Pennsylvania and Medical Center* will be sent by campus mail to all faculty and staff of Penn and HUP.

The eight-page booklet was prepared by a team of in-house specialists including members of Medicine, Dental Medicine, Human Resources and Environmental Health & Safety.

It is directed toward all members of the University—including those whose jobs are not overtly health-related but who could be exposed through their work in housekeeping and physical plant, safety and security and the like. It does especially target the questions and concerns of health and dental health personnel who may be exposed to blood, body fluids and needle-stick injury. According to the brochure, the Hepatitis-B virus (HBV) occurs in 8000 to 12,000 health-care workers a year nationally (resulting in some 200 deaths annually) and the AIDS virus (HIV) represents a small but real risk to those in direct patient contact or in labs and clinics.

"We want to make sure people have accurate information about these viruses so that their decisions for themselves and others are based on facts, not inflammatory misinformation," said Dr. Barbara Butterfield, vice president for human resources. "We must keep this environment informed, protected and ethical." Universal advice to health care and oral health workers include injunctions to wear gloves; dispose of used needles and scalpels in designated containers; and use vortex mixing.

Distribution of the brochure coincides with the start of training seminars under the aegis of the University's Office of Environmental Health & Safety. Industrial Safety Specialist Laura Peller is coordinator of the seminars, which are

being scheduled on a department-by-department basis.

On the task force that developed the training and the brochure are Ms. Peller as coordinator; Dr. James Galbally, associate dean of Dental Med; Nurse Practitioner Teri Green of HUP Occupational Health; Pat Abbott, lab manager of HUP Pathology and Laboratory Medicine; Norman O'Connor, director of Facilities Services; Paul D'Angelo, associate director of Physical Plant; Loretta Raider of Training and Organizational Development; Harriet Izenberg, biological safety officer at Environmental Health & Safety; HUP Epidemiologist Dr. George Talbot; and HUP's director of microbiology, Dr. Paul Edelstein.

The communications and training projects are also preliminaries to the University's and the Medical Center's observance of a nationwide AIDS Awareness Week February 20-24.

In the Mail: Anyone who does not receive the booklet should call Laura Peller, Ext. 8-4453.

SENATE

From the Senate Office

The following statement is published in accordance with the Senate Rules. Among other purposes, the publication of SEC actions is intended to stimulate discussion between the constituencies and their representatives. We would be pleased to hear suggestions from members of the Faculty Senate. Please communicate your comments to Senate Chair David P. Balamuth or Faculty Senate Staff Assistant Carolyn Burdon, 15 College Hall/6303, Ext.8- 6943.

Actions Taken by the Senate Executive Committee Wednesday, January 11, 1989

1. **Senate Committee on Committees for 1989.** Selected nominees to serve for the calendar year.
2. **Student Code of Academic Integrity.** Discussed the need to further revise the code with Provost Aiken, 1987-88 Senate Committee on Students Chair Prof. David Brownlee, JIO Constance Goodman, and SCUE representative Kathleen Governale.
3. **Proposed Chemistry/Engineering Building.** Discussed with Provost Aiken and architect Robert Venturi a feasibility study for site selection.

COUNCIL

The following report is on the University Council agenda for action on January 18.

Safety & Security: Recommendations on Bus, Escort

The Committee on Safety and Security has been studying the Escort Service and the PennBus Service for the past two years, in order to suggest changes to ensure the increased safety of the University students, staff and faculty. We have discussed the proposals of the Graduate and Professional Students Association (GAPSA) which were submitted to us by the Steering Committee of Council on December 2, 1988. This Committee's response to *The Resolution on Escort Service* of November 22, 1988 follows:

GAPSA Resolution #1 Once again, as we asked last year, we ask the President immediately to instruct the Escort Service to begin operations at 5 p.m. during the late autumn and winter.

Committee Response: 1) For the trial period from approximately January 21, to March 21, 1989, we recommend that the Escort Service should start at 5 p.m. instead of 6 p.m., and thus add an extra hour of operation. If this works well we recommend that this procedure be repeated next fall.

GAPSA Resolution #2 We ask that the number of Escort Vans be increased and additional drivers be hired and trained to operate them.

Committee Response: 2) To the current fleet of three vans, we recommend the addition of resources for extra van hours and dispatcher(s) to meet the increasing demand. Both drivers and dispatchers should be given increased training to be more responsive to the specialized needs of the University Community.

GAPSA Resolution #3 We urge that a study be conducted to determine whether it would be more cost-effective to increase the number of Escort Vans or the number of Penn Buses.

Committee Response: 3) We find that the Escort Van Service is presently more efficient

that the PennBus Service in responding to the transient surges in usage by riders.

GAPSA Resolution #4 We urge that consideration be given to an Escort Van for persons living east of the Schuylkill River.

Committee Response: 4) We recommend a Safety Shuttle Loop into the area directly east of the Schuylkill River. The Shuttle Loop will only provide a drop-off service. The pilot program should be started before the February Council meeting.

GAPSA Resolution #5 We urge that the "pick up" locations for the PennBus be better publicized and lighted.

Committee Response: 5) Acknowledging that the Department of Transportation and Parking has improved its services during the past three years, we recommend the following additional improvements in their services:

- a) Both the Escort Service and PennBus should be given increased publicity.
- b) PennBus Stops should be better marked and have improved lighting.
- c) The drivers should enforce the rule that all riders show their Penn ID's.
- d) A market study of the Penn Transportation System should be made.

GAPSA Resolution #6 We request a report to the University Council at the January meeting indicating what steps have been taken as of the date, and what implementation is planned for the future.

Committee Response: 6) The Committee has conferred with Steve Carey, Assistant Director of Transportation and Parking, John P. Logan, Director of Public Safety, and Carolynne E. Martin of Off-Campus Living, and the Committee believes that the recommendations we have made, if implemented, would increase the safety of the Penn Community.

—For the Committee,
Helen C. Davies, Chair

To List Electronic Addresses

Last fall a new section of the University Telephone Directory, the "gray pages," was created to list the PennNet electronic mail addresses of participating faculty and staff.

Because of schedule constraints, many PennNet correspondents' E-mail addresses were not included. In addition, since the VP/Computing's recent introduction and support of ALL-IN-1, the number of listings has increased dramatically.

Thus DCCS will issue an update to the directory by February 1989, as the next step toward providing a comprehensive Electronic Mail Directory. Eventually, the printed E-mail Directory will be supplemented with a regularly-updated, on-line version accessible to all PennNet clients.

If your electronic mail address is not in the University Telephone Directory, and you would like it to be in the update, please contact your organization's provider of computing services. Since DCCS has requested that these providers submit all addresses of those who wish to be included by January 23, please contact providers in ample time to allow them to process your information and send it to us.

\$5,000 Seed Grants in Aging

The Center for the Study of Aging is soliciting pilot project applications from Penn faculty members who propose clinical research on the biomedical or behavioral problems of the elderly in institutions. The application deadline is February 15 for seed money for start-up projects with the greatest potential to become full supplementary research proposals within the Philadelphia Gerontology Research Consortium (PGRC), where current funded research includes studies on exercise, sleep apnea, urinary tract infections and dementia.

The Center for the Study of Aging has been funding pilot projects on a variety of topics for the past six years. Pilot project proposals undergo peer-review by selected experts from around the country.

Applications should be on the standard PHS Form 398, sent to Robin Charpentier, Assistant to Director, Center for the Study of Aging, University of Pennsylvania, 3906 Spruce Street, Philadelphia PA 19104-6006. (215) 898-3172.

University Council, 1988-89

The University Council exists to consider the activities of the University broadly in all of its phases with particular attention to the educational objectives of the University and those matters that affect the common interests of faculty and students. It recommends general policies and otherwise advises the president, the provost, and other officers of the University. It is empowered to initiate policy proposals as well as to express its judgment on those submitted to it by the administrative officers of the University and its various academic divisions. It is also empowered to request information through appropriate channels from any member of the University administration.

Any member of the University may suggest questions or proposals for the consideration of the University Council by submitting them in writing to the Steering Committee addressed to the Office of the Secretary, College Hall. Any member of the University may be asked to serve on committees of the University Council.

—Council Bylaws

Steering Committee

The Steering Committee shall consist of the president of the University, the provost, the chair, the chair-elect, and the past-chair of the Faculty Senate; the chair of the Undergraduate Assembly; and the chair of the Graduate and Professional Student Assembly. In addition, there shall be four faculty members, one undergraduate student, and one graduate/professional student to be elected by the incoming Council at its May meeting from among its membership for the ensuing year. The chair of the Faculty Senate shall be the chair of the Steering committee.

—Bylaws

F. Gerard Adams	Sheldon Hackney
Michael Aiken	Madeleine M. Joulle
Emuata Bassey	Vincent Phaahla
Robert E. Davies	John W. Roberts
Marten S. Estey	Keith Wasserstrom
Larry Gross	William Westerman
David P. Balamuth, <i>Chair</i>	

Membership of the Council

Faculty: The 45 members of the Senate Executive Committee sit on Council. The Faculty Senate shall insure that each faculty is represented by at least one elected constituency representative and that three assistant professors sit on Council. One full-time lecturer or instructor and one full-time member of the Research Faculty are selected by the Steering Committee.

Administration and Staff: The president and the provost are members of the Council. The president appoints nine administrative officers, at least five of whom shall be deans of faculties. The Administrative Assembly, Librarians Assembly, and A-3 Assembly each have one elected representative.

Students: Twenty-five students serve on Council, ten of them from the undergraduate schools (five elected by mutually exclusive constituencies, and five—including a freshman—elected at-large via the Undergraduate Assembly). The fifteen graduate/professional students on Council are elected as members of the Graduate and Professional Student Assembly; each school is represented by at least one representative.

Presiding Officer: The president may act as presiding officer of the Council or may appoint a moderator to preside at meetings.

**Members of the Senate Executive Committee

Council and Independent University Committees, 1988-89

Much of the work of the Council is done through its standing committees. They are chosen each spring through the Committee on Committees, which makes its recommendations after issuing a campus-wide call for nominations. The Committee on Committees also recommends members for the Independent Committees. Appointments to these Committees are made by the Steering Committee, the one exception being the Academic Planning and Budget Committee, appointments to which are made by the president.

To the University Community:

Volunteers Needed for Committee Service

Once again the Committee on Committees begins its work with an invitation to the faculty and administrative staff to nominate themselves for service on University committees.

We will be spending most of the spring term assembling lists of prospective members who are most interested in and most qualified for service on the 14 key committees listed here. They are the advisory bodies that will help shape academic/administrative policy, administer certain all-University projects, such as honorary degrees and long-term disability, and assist operations, such as the Book Store and Libraries, to be of greater service to the campus.

To make our committees effective we need to consider the largest possible pool of candidates with the broadest range of experience and viewpoints. We encourage faculty and staff who have not previously participated to volunteer so that we can have an appropriate blend of new ideas and experience.

Before submitting your name you may wish to have a better understanding of the work being done by a particular committee. One way to obtain such information is by reviewing the committee reports which have been published in *Almanac* (see November 29, 1988, issue).

Except where noted, all of the committees listed here are open to both faculty and staff. We plan to submit our recommended committee member lists to the Steering Committee in April. In order that we may meet this deadline, we ask you to make your nominations by January 30.

The 1989 Committee on Committees

Robert E. Davies (chair-elect, Faculty Senate), *ex officio*
 Terry L. Friesz (systems)
 Sol H. Goodgal (microbiology/med)
 Vicki Mahaffey (English)
 Ann E. Mayer (legal studies)
 Russell Muth (Medicine), A-3 invitee
 Joyce M. Randolph (international programs), Chair
 Jack E. Reece (history)
 Alyssa Sepinwall (Col '91)
 Amos B. Smith, III (chemistry)
 William Westerman (GrSAS)

Committees and Their Work

Book Store considers the purposes of a university bookstore and advises the director on policies, developments, and operations.

Communications has cognizance over the University's communications and public relations activities.

***Disability Board** continually evaluates the disability plan, monitors its operation, and oversees the processing of applications for benefits and the review of existing disability cases.

Facilities keeps under review the planning and operation of the University's physical plant and all associated services.

***Honorary Degrees** does most of its work, intensively, during the fall term; solicits recommendations for honorary degrees from faculty and students and submits nominations to the Trustees.

***International Programs** is advisory to the director of international programs in such areas as international student services, foreign fellowships and studies abroad, exchange programs, and cooperative undertakings with foreign universities.

Library is advisory to the director of libraries on policies, development and operations.

Personnel Benefits deals with the benefits programs for all University personnel. Special expertise in personnel, insurance, taxes or law is often helpful.

Recreation and Intercollegiate Athletics has cognizance of all programs in recreation, intramural and club sports, and intercollegiate athletics; advises the athletic director on operations and recommends changes in policy when appropriate.

Safety and Security considers and recommends the means to improve safety and security on the campus.

Student Affairs has cognizance of the conditions and rules of undergraduate and graduate student life on campus.

Student Fulbright Awards evaluates applications from graduating seniors and graduate students and makes recommendations to the Institute of International Education, which awards Fulbright grants on behalf of the State Department; all of its work is done, intensively, in October.

Undergraduate Admissions and Financial Aid has cognizance over undergraduate recruiting, admissions, and financial aid matters that concern the University as a whole but are not the specific responsibility of individual faculties.

* Open to faculty only. One or more administrators serve as liaison to most of these committees.
