## Council and Independent University Committees, 1991-92

Much of the work of the Council is done through its standing committees. They are chosen each spring through the Committee on Committees, which makes the recommendations after issuing a campus-wide call for nominations. The Committee on Committees also recommends members for the Independent Committees. Appointments to these Committees are made by the Steering Committee, the one exception being the Academic Planning and Budget Committee, appointments to which are made by the president.
