Penn VIPS—Adopt a Family for the Holidays Program

During the holidays in December, departments from across the University “adopt” a deserving family. The adoption of a family provides Penn VIPS members, along with their families, the opportunity to make a difference in the lives of less fortunate children and their families. Departments participate in the program on a one-time basis. Families are assigned to departments based on request. Departments may request a specific number of children, the ages of children, the number of adults in the family, and the number of family members they would like to adopt. Departments can also request the ages of the children they are interested in adopting. Departments choose the number and types of gifts they will provide. Departments are provided with details of each family, including the names of each family member. Children are encouraged to write letters and draw pictures which may also represent holiday gifts delivered. Department ASMs are responsible for coordinating with the Barings House Family Service Agency and local shelters. A small number of adults are also accepted. Selection of families begins in November and assignments are made prior to and during the holiday season. Visit www.vips.upenn.edu/vipspayments or email vips-payments@upenn.edu for more information and to volunteer for this program.

—Isabel Mapp, Associate Director; Nettie Center for Community Partnerships
