members. It was developed by the University's safety partner Rave Guardian, a service utilized on college campuses across the country.

Registering is easy—search "Rave Guardian" in the App Store for iOS devices or

Google Play for Android devices. You will be prompted to enter your name, phone number and Penn email address, which provides access to the University's customized

Calls from a registered phone will allow Penn Police to determine your cell phone's GPS location, which can decrease response time. This information will only be available to Penn Police when you call the Penn Emergency Communications Center (PennComm) directly, either through the app or at (215) 573-3333.

The app also allows users to create a Smart911 profile, in which medical conditions, medications, allergies and disabilities can be included. This information can also be

viewed at other Smart911-enabled emergency response centers across the country, should you need to call them. If a call is made to PennComm, and you are unable to speak-perhaps because of

an allergic reaction—a call-taker will send a text message to your phone. You can then communicate directly via text.

The app includes a confidential way to submit a tip to Penn Police—with a photo, if necessary—through a text message.

Preventing Theft on Campus: Unattended theft is the number one crime at Penn.

The majority of all theft reported to the Penn Police occurs because items are left unattended or are improperly secured.

All items should be taken with you at all times.

U-locks, not cable locks, should be used on bikes. You should always lock your doors, even if leaving for only a few minutes.

Always report suspicious activity by contacting the Division of Public Safety at (215) 573-3333 or 511 from a campus phone.

Secure Package Deliveries: If you will not be home when a package arrives, remember to make arrangements for safe delivery. Make use of the Amazon@Penn location in 1920 Commons, the Residential Services Off-Campus package holding service (for students), check with your landlord to see if they offer package services, or

use other package service locations. **Prescription Drug Take-Back Box:** A Prescription Drug Take-Back Box is now located in the Division of Public Safety Headquarters, 4040 Chestnut Street, open

Tips for Safe Ride Sharing: Please review the following rider safety tips and

remember to always trust your instincts.

Be sure you are getting in the right car. Before you get in the car, ask the driver who they there to pick, and for the driver's name.

Check that license plate, driver photo, and driver name all match what's listed in the app. Never get in a car with a driver who claims to be with an app service and does

not match the driver information in your app.

Safety Practices: The Division of Public Safety asks that all University community members engage the idea that "Safety and Security is a Shared Responsibility." Please remember to take your personal property with you at all times, don't leave doors unlocked and report suspicious behavior.
